

Activating Your TSplus License (Offline)

Retrieve your Activation Key

When you order a license, connect to our [Licensing Portal](#) and enter your Email Address and your Order Number:

The screenshot shows the 'Licensing Management App' interface. At the top, there's a header with 'Licensing Management App' on the left and 'Support' on the right. Below the header, the main heading is 'Customer Portal - Get your License'. There are two input fields: 'Email' with a placeholder 'Please type your email address' and 'Order Number' with a placeholder 'Please type your Order Number specified in the order confirmation email. If you have made several orders, any order number will do.' Below these fields is a blue button labeled 'Login to my Customer Portal'. At the bottom, there are flags for various countries and a link 'Partners / Resellers'.

[Download the Customer Portal User Guide](#) for more information about how to use it.

Your activation key will be displayed at the top of the dashboard:

The screenshot shows the 'Licensing Management App' dashboard. At the top, there's a header with 'Licensing Management App', 'Home', 'Orders', and 'Logout'. Below the header, there's a blue box with the text 'Your activation key is: NAQR-'. Below this, there's a section titled 'Licences' with a table of licenses.

Locate the Administrator Tool on your desktop

If you cannot find the admin tool shortcut, it should be located in the desktop folder on the administrator account used to download TSplus. You can also find the TSplus folder on this path: 'C:\Program Files (x86)\TSplus\UserDesktop\files'.

Double-click on it, then click on the license tab.

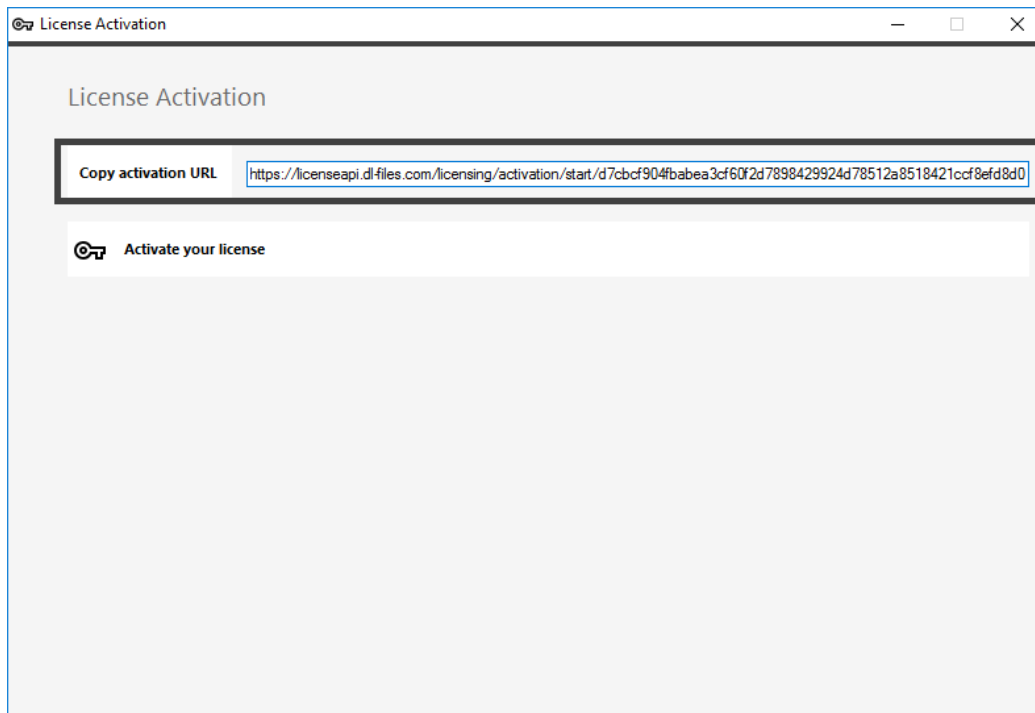

Here you can see the status of your TSplus license, as well as your Computer ID and Computer Name:

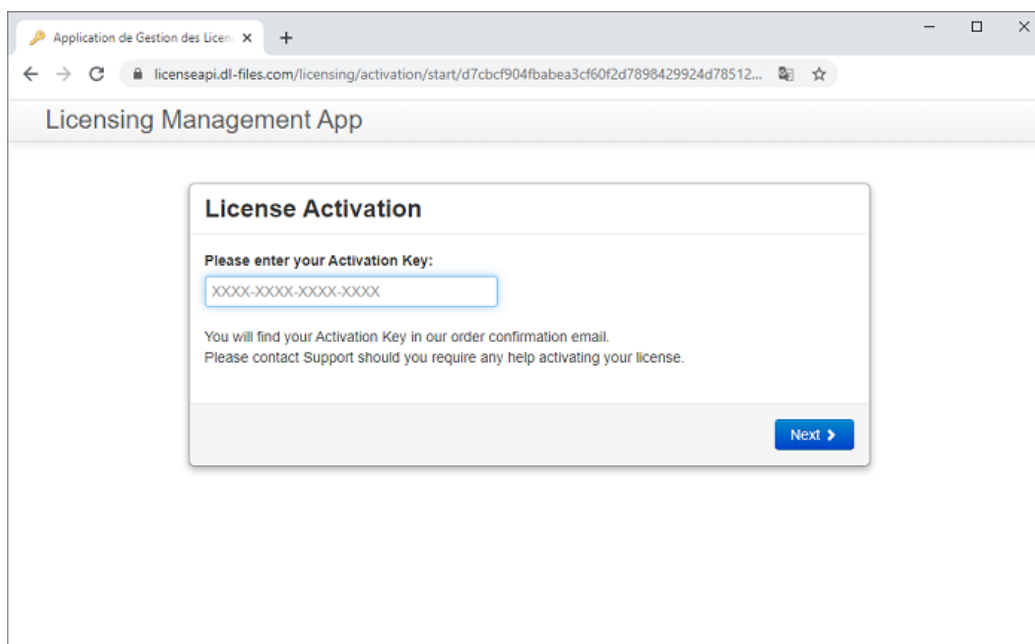

Activate your licenses on an offline TSplus server

Click on the "Activate your License" button. A popup appears and displays a quite long URL address.

Copy this URL on an internet-connected computer browser and access it in order to retrieve a license file:

Enter your Activation Key:

Your license is then validated. Download the license file by clicking on the corresponding button:

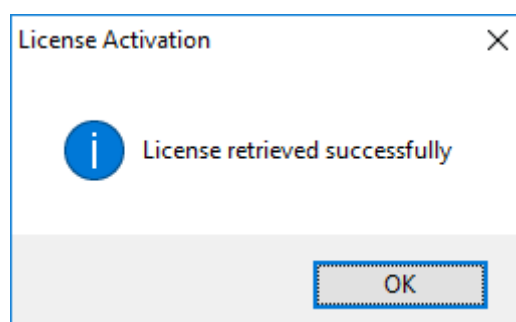

This license file must then be copied back to the server in order to finish the offline activation process:

A message will confirm that your license was retrieved successfully:

You will then have to select the corresponding licenses / support to activate and a message confirming that all your products/support are now activated.

N.B: You can still download license.lic files on the Licensing Portal for TSplus Legacy Versions. [Download the Customer Portal User Guide](#) for more information about how to use it:

License Activation

If you are using a recent version of TSplus then license activation is very easy:

- Open TSplus AdminTool
- Click on the "License" tab
- Click on the "Activate your license" button
- Enter your Activation Key: **6BAP-**

Legacy License File

If you are using a legacy version of TSplus then you will need a license file to activate your product.

Please only do this for:

- TSplus version 12 or lower
- TSplus Long Term Support (LTS) 12
- TSplus Long Term Support (LTS) 11
